Dear Parents:

Whitsons School Nutrition is pleased to announce our continued partnership with the Phoenixville Area School District (PASD). We are excited to be able to provide a great tasting, nutritious school dining program at PASD that meets Healthy Hunger Free Kids Act guidelines and engages students in developing a positive "fooditude."

Whitsons' educational dining programs boast menus that are delicious and highly appealing to young people. Yet, at the same time, we provide the wholesome foods so important to nurturing the health of growing bodies at every stage of development. We know that students need to be at their best physically to meet the academic challenges they face each day. Our chefs use wholesome ingredients to freshly prepare our food, paying particular attention to the use of whole grains, fresh fruits and vegetables, lean meats and healthy snacks. We work hand in hand with the school community to develop menus that focus on quality and variety, while also maximizing nutritional value and ensuring adherence to national, state, and local health and wellness guidelines.

Elementary Schools

At the elementary schools, we will continue offering a hot entree and weekly breakfast alternatives, plus complete salad, bagel, grilled cheese and yogurt lunches. A la carte offerings will be limited to wholesome choices such as fresh fruits and vegetables, yogurt, and carefully approved snacks. It is our mission to help your children learn to eat and enjoy healthy foods. Our entrees include whole wheat and whole grain bread/buns/ bagels/pizza crust. **All our offerings contain Zero Trans Fats.** We are committed to reducing or eliminating all unnecessary food additives from your children's meals.

At this level, our award-winning Nutrition Safari® program will introduce your children to lovable animal characters to teach them about selecting healthy choices from each different food group for a well-balanced diet. The program's mission is to increase participation in the National School Lunch Program (NSLP) and the National School Breakfast Program (NSBP) and encourage students to develop lifelong healthy eating habits.
